
2-IN-1 COATED IMPACT SOCKET

20% lighter than traditional impact sockets*

KLEIN TOOLS® 

2-IN-1 COATED IMPACT SOCKET

This coated impact socket features two sizes (3/4" and 9/16") in one tool and works great for pole hardware installation and removal. 20% lighter than traditional impact sockets, the 12-point design is easier to position and works with square fasteners. The bright blue, durable plastic coating protects against damage from scratching and abrasion and is easy to spot in a crowded tool bag.

FOR USE WITH IMPACT TOOLS

BRIGHT BLUE COATING MAKES IT EASIER TO IDENTIFY

- 20% lighter than traditional impact sockets*
- Blue coating is easy to spot in a crowded tool bag
- Durable plastic coating protects against damage due to scratching and abrasion
- Featuring two of the most commonly used socket sizes (3/4" and 9/16") in one tool
- Single-ended impact socket with hands-free adjustment between socket sizes
- High-torque, 12-Point design is easier to position and works with square fasteners
- Deep socket with a 1/2" drive works great for pole hardware installation and removal
- Cross hole design to prevent unintentional separation of adapter and socket
- Engineered for use with impact tools including Klein's 1/2" Compact Impact Wrench (Cat. Nos. BAT20CW; -CW1)
