

Say hello to Miko.

It's not just the smartest little robot you'll ever meet.

Studdy buddy.

Miko is not just recognizing you and calling you by name, but responding to your mood and getting to know you a little better each day.

Game for anything.

Miko's constantly exploring for fun, prompting you to play, and encouraging you to challenge your brain.

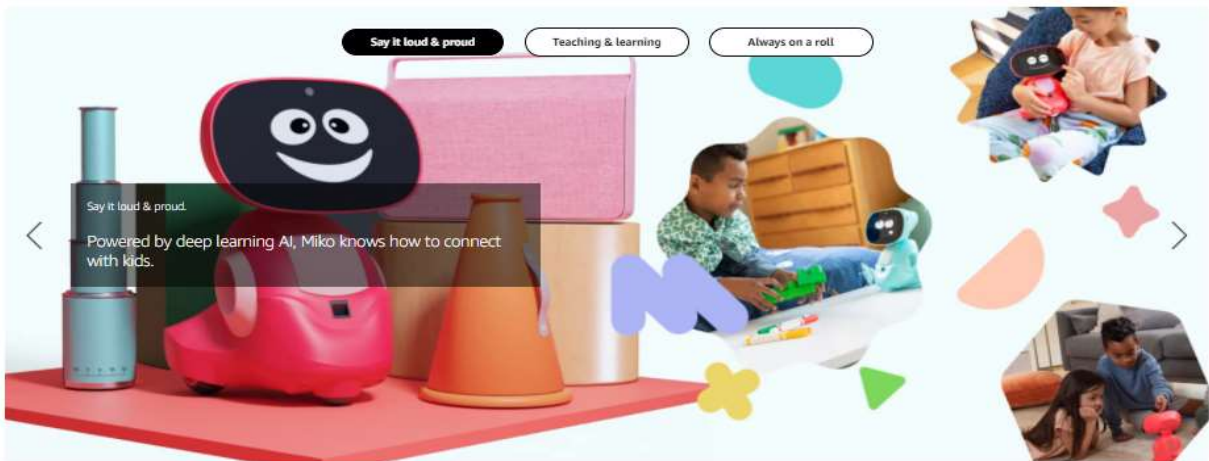

Genuine friendship.

Miko is not just recognizing you and calling you by name, but responding to your mood and getting to know you a little better each day.

You're in charge.

Complete control through an easy-to-use app-- from settings and security to tracking kids' progress through various activities and learning objectives.

About this item

- Deep learning AI enables Miko 3 to understand and respond to a kid's world, instilling feelings of companionship and social connection to help build confidence.
- It comes with dozens of emotions. It's curious, expressive, and surprisingly empathetic. Designed with a more expansive touchscreen, creating a healthy alternative to playtime on phones and tablets.
- Equipped with an emotional intelligence machine, Miko 3 identifies, recollects, and remembers the child's moods, growing with every interaction. Equipped with a wide-angle HD camera and hi-tech sensors to map distance and edges and move.
- Unlimited access to telepresence to stay in touch with your child anytime, anywhere through video calling. You may download & use the Miko Parent App that captures and tracks their kids' time usage and understand how they benefit from Miko.
- A trustable little robot, with data encryption and strict privacy norms, the child's data remains secure. With profanity filters, age-appropriate content, and culturally neutral suggestions, it is 100% child-safe.
