

Micro Capacity Wirestripping System Model: 10503M

Product Overview

Thermal wire stripping is an age-old method of stripping the insulative jacket from your wire with 100% assurance that you are not nicking the conductor. American Beauty offers a complete array of thermal wire stripping systems, hand pieces and elements, sure to meet your specific need, and as the kids today would say, "Its super easy!"

1. Insert a wire between the blades and activate the system via the footswitch. Use the lowest power setting that allows the blades to quickly 'cut' through the insulation.
2. When the blades sever the insulation, rotate 1/4 turn as you continue to apply heat.
3. Once the insulation is completely severed around the wire, release the heat and use your fingers to pull off the insulation sleeve.

Features and Benefits

100 Watts of (2.6 VAC) Infinitely Variable Power permits quick stripping without excess thermal damage to the insulator

Light-weight, palm-sized hand piece with comfort grip padding minimizes operator fatigue.

Wide variety of Ni-Chrome wire stripping elements are available allowing user to find the perfect fit for their application.

Footswitch permits hands-free activation of power, vastly improving control of your applications and virtually eliminating the sparking that is common with other brands of resistance based systems.

Technical Specifications

Connection Type	Tapered Pins
Wattage	100 watts
Available in a 220-240 VAC?	Yes, available upon request
Product Width	8.25 in / 20.96 cm
Product Height	6.50 in / 16.51 cm
Package Weight	5.10 lbs / 2.31 kg
Country of Origin	US
Harmonization Code:	8515.11.0000
RoHS Compliant	Yes
IEC 60335-1, Edition 5.1, 2013-12	Yes
IEC 60335-2-45, Edition 3.2, 2012-01	Yes
WEEE Compliant	Yes
CE Certified	Yes
Warranty Policy	Details
User Manual	User Manual
Product Lgth	8.25

Applications

Users of this product have stated that they use it for several jobs which include but are not limited to:

1. Stripping insulation, both low & high temperature, 24 AWG and finer
2. Cutting Vectran fiber
3. Desoldering Surface Mount Devices from PC Boards

Replacement Parts

The following products can be used as replacements for Model 10503M featured on this page:

Model	Product Name
105131	Micro Wirestripping Handpiece
105132	Micro Ni-Chrome Wirestripping Elements (Long)
10519	Standard Footswitch
105A3	100 Watt Infinitely-Variable Resistance Soldering Power Unit

Accessories

The following products can be used as Accessories for Model 10503M featured on this page:

Model	Product Name
105156	Micro Ni-Chrome Thermal Wirestripping Elements (Short)
105157	Flat-Pack Style Ni-Chrome Thermal Elements
105160	Small Flat-Pack Style Ni-Chrome Thermal Elements

Similar Products

The following products are related (similar model but different specifications, etc.) to Model 10503M featured on this page:

Model	Product Name
10503	Standard Capacity Wirestripping System

End-Of-Life Instructions

In an effort to reduce waste and comply with WEEE directive, please do not dispose of product. All American Beauty Tools are serviceable and can be repaired and/or replaced. Please contact

manufacturer to make arrangements.
